

MEMBERS PROSPECTUS

Our focus is to engage with all the major business leaders in town to explore opportunities that lead to growth and prosperity. We have been able to 'do good work' through the various committees we have established; Women in Business, Portland Young People's Network, Glenelg Producers Group, Jobs 4 Portland and Education.

This has led to much success; including the launch of our premises at the Portland Business Hub. This initiative has assisted small businesses establish themselves which has led to growth and employment opportunities that benefit the community.

The Committee for Portland will continue to advocate on major issues that affect our livelihood including; Renewable Energy, Rail and Road Connectivity, Manufacturing and Digital Connectivity. However we need your assistance to continue the good work that we do and to take advantage of the opportunities that are emerging.

If you would like to become a member of the Committee for Portland, please drop in and see us at 13 Richmond Street or call.

ABOUT COMMITTEE FOR PORTLAND

The Committee for Portland has been operating since 2008 and has established itself as the 'go to people' for industry, business and government liaison.

The Committee brings together key leaders to discuss and raise issues that lead to opportunities for growth and prosperity in the region. We have established a number of working groups that assist us in achieving our winning aspiration: To act as a catalyst for ideas, facilitating those ideas with the ability to add to the success, prosperity and sustainable future of the Portland Region.

MEMBERS

With the prime focus to network, advocate and deliver projects, the Committee for Portland works towards developing a vibrant and economically sustainable community.

We have opened lines of communication between the community, business and government by hosting workshops and events that have enabled us to understand and create the vision that is needed to make Portland a better place to live and do business.

The Committee for Portland is excited to engage and form partnerships with key stakeholders that will ultimately contribute to the success of our community. We are grateful for our association with:
